

TO: Charter School Governing Board

THRU: Nelson Stephenson, Superintendent

FROM: Mary Anne Moniz, Business Manager

DATE: March 6, 2017

SUBJECT: FY 2016-17 Budget Amendment #1

The FY 2016-17 Operating Budget of \$30,182,046 was adopted by the City of Cape Coral Charter School Authority Governing Board on August 9, 2016. The Charter School Authority's Business Manager, Superintendent, Principals and respective Operating Departments (Transportation, Food Service, Procurement, Maintenance, and Custodial) developed the budget which was projected to use \$729,976 from fund balance to support operating expenditures while setting aside \$1,000,000 in Reserves to begin planning for the Christa McAuliffe portables, building upgrades, and technology needs.

The proposed Budget Amendment is being requested to modify the estimates of revenues and appropriations but is primarily warranted due to the decrease in the Florida Education Finance Program (FEFP) revenues associated with imprecise enrollment numbers.

Below is a summary of the proposed changes for both revenue and expenditure categories. In addition, detailed tables outlining all of the changes can be found in the attachments that follow.

Revenue Category - Sources	FY 2017 Adopted	Adjustments	FY 2017 Amended	% Change
Use of Fund Balance	\$ 729,976	\$ (268,642)	\$ 461,334	-36.80%
Committed Fund Balance	-	1,000,000	1,000,000	100.00%
Operating Fund Balance	4,214,688	(385,966)	3,828,722	-9.16%
Intergovernmental	23,499,781	(1,338,673)	22,161,108	-5.70%
Capital Outlay	749,131	118,744	867,875	15.85%
Charges for Service	585,400	47,000	632,400	8.03%
Miscellaneous	403,070	(27,022)	376,048	-6.70%
<b>Total Increase (Reduction) of Revenues &amp; Balances Forward</b>	<b>\$ 30,182,046</b>	<b>\$ (854,559)</b>	<b>\$ 29,327,487</b>	<b>-2.83%</b>

Expenditure Category - Uses	FY 2017 Adopted	Adjustments	FY 2017 Amended	% Change
Personnel	\$ 16,573,599	\$ (118,445)	\$ 16,455,154	-0.71%
Operating	7,502,015	16,156	7,518,171	0.22%
Capital Outlay	546,165	(20,725)	525,440	-3.79%
Restricted Fund Balance	1,000,000	(1,000,000)	-	-100.00%
Committed Fund Balance	-	1,000,000	1,000,000	100.00%
Unassigned Fund Balance	4,560,267	(731,545)	3,828,722	-16.04%
<b>Total Increase (Reduction) of Appropriated Expend &amp; Reserves</b>	<b>\$ 30,182,046</b>	<b>\$ (854,559)</b>	<b>\$ 29,327,487</b>	<b>-2.83%</b>

## BALANCES BROUGHT FORWARD

Balances Brought Forward (Cash) was initially estimated at \$4,944,664 which was determined by the Charter School Business Manager and City Accountant since the Comprehensive Annual Financial Report (CAFR) was not completed at the time the FY 2016-17 Operating Budgets were presented. This included the estimated use of \$729,976 of fund balance to cover operating expenditures. The proposed budget amendment reflects an increase of \$345,392 to fund balance totaling \$5,290,056 to coincide with the CAFR; reduces the original use of fund balance from \$729,976 to \$461,334; commits \$1,000,000 for future planning of the Christa McAuliffe portables, building upgrades, and future information technology needs; and, lastly, brings the Operating Fund Balance to \$3,828,722.

## SOURCES/REVENUES

Sources, also called revenues, reflect a proposed decrease of \$1,199,951 or 4.75% (excluding fund balance). Explanations for each adjustment to revenue can be found below:

### INTERGOVERNMENTAL

- ***FEFP - Florida Education Finance Program (State Shared)***

The original FEFP budget was estimated using enrollment projections provided by each of the schools. In addition, a base student rate of \$7,100 was used for revenue estimations which proved to be incorrect for budgeting purposes. This funding includes a number of assumptions such as ESE, Administrative Fees, Safe Schools, Media Allocations, Reading Allocations, Student Transportation, and Digital Classroom Plans. To avoid this shortfall from happening again, staff will be more diligent in projecting enrollment and a more practical approach used for estimating revenues.

Through March 3, 2017, total enrollment is down by 80.74 students. It should also be noted that Oasis High School continues to experience a decline.

School	FY 2017 Adopted	FY 2017 Amended	+/- Variance	% from Adopted
Oasis Elementary	855.00	855.14	0.14	0.02%
Christa McAuliffe	751.00	747.12	-3.88	-0.52%
Oasis Middle	853.00	832.00	-21.00	-2.46%
Oasis High	765.00	709.00	-56.00	-7.32%
<b>Total:</b>	<b>3224.00</b>	<b>3143.26</b>	<b>-80.74</b>	<b>-2.50%</b>

Based on the latest survey, budgets were revised using the amended enrollment at 98% of funding as we near year-end. This equates to a total reduction of \$1.5m or 7.2% to the FEFP revenues.

- ***FL Teacher Lead/FL Teachers Classroom Supply Assistance Program – Offsets Expenditures***

The Florida Teacher Lead Program is an allocation to be used by classroom teachers, guidance counselors and media specialists as reimbursement for the purchase of instructional materials and supplies used in teaching students. The allocation is determined by dividing the total allocated funds received by the State, by the total number of qualified staff throughout the Lee County School District and Lee County's Charter Schools.

At the time the FY 2016-17 Budget was Adopted, the final allocation per teacher had not been disseminated so the budgets were estimated at \$47,891 which was consistent with the previous year. Since then, funding was received and distributed to 185 eligible teachers who received \$257.60 each for a total of \$47,656 across all schools. This was slightly down compared to the \$261.70 each teacher received in the previous year. Therefore, revenues reflected a slight decrease of \$235 as well as an offset to expenditures.

- ***Title II-A – Offsets Expenditures***

Title II-A is a federal-through-state grant which provides funding for teacher and principal professional development activities. Each school is allocated an amount based on student enrollment on the 10th day of school. A project plan is submitted by Principals outlining the school's proposed use of grant funds.

Since the budget timeline does not allow for the final receipt of this award, it was budgeted at \$34,163 which remained at the same level as the previous year. Based on the plans submitted, a total of \$34,691 has been awarded. Therefore, revenues have increased by \$538 and will offset expenditures associated with this training.

It should also be noted that funding is received as spent; therefore, Principals have been reminded of the importance to follow or adjust their plans accordingly to ensure that funding is fully utilized. Otherwise, they would be responsible to return any unused allocation.

- ***School Recognition Funds (A Money) – Offsets Expenditures***

School recognition funds are based on previous year results. At the time the budgets were presented for adoption, funding was not known and is typically released in February or March; therefore, this category has always been added through the formal budget amendment process. Funding is simply a pass through on both the revenue and expense side.

Two of our four schools were nominated as “A” schools in the school year 2015-16; more specifically, Christa McAuliffe and Oasis Middle School. Oasis Middle School received a total of \$83,089 in funding and Christa McAuliffe received \$74,365 for a total of \$157,454.

- ***Advanced International Certificate of Education (AICE)/Advanced Placement (AP)***  
Both AICE and Advanced Placement funding was received in February. The breakdown of receipts is below:

Advanced Placement	\$8,720.91
AICE Tests Passed	\$496,421.30
AICE Diplomas	\$145,907.61
Total:	\$651,050.00

In an effort to be conservative, this program was initially budgeted at 96% of the funding received last fiscal year or \$627,085. Now that we have received the actual funding, revenues will be adjusted to \$651,050 which is an increase of \$23,965.

It should also be noted that those teachers eligible for bonuses for these programs have been identified and a total of \$14,850 has been submitted for payments. Appropriate payroll expense lines have been adjusted.

- ***National School Lunch Program***  
The National School Lunch Program reflects an overall increase of \$12,000 related to the Breakfast and Lunch Programs. Revenues are expected to increase from \$474,000 to \$486,000 or 2.53% with an increase to the cost of food on the expense side.

## **CHARGES FOR SERVICES**

- ***Student Lunch Service Charges***  
Student lunch service charges reflect an adjustment of \$47,000 to revenue increasing from \$573,000 to \$620,000 or 8.20%.

Through a collaborative effort of all our schools, various line items were reduced to cover the estimated increase of \$37,500 of additional food expenses needed for both the National School Lunch Programs and the Lunch Service Charges. It should also be noted that \$21,000 of this increase is associated with “a la carte” items.

## **CAPITAL OUTLAY/PUBLIC EDUCATION CAPITAL OUTLAY**

- ***Public Education Capital Outlay (PECO)***

Public Education Capital Outlay (PECO), often referred to as Capital Outlay funding is based on student counts, gross tax receipts, bonding, and the total number of schools eligible to receive this funding. The Public Education Capital Outlay (PECO) dollars received are used to offset the debt service on the Charter School buildings which is projected at \$3.5 million in FY 2016-17.

The funds in Specific Appropriation 18 allocated a total of \$75 million to Charter Schools. At February 2017, our total PECO funding receipts are estimated to be \$885,587. As we near year-end, dollars have been adjusted in the budget amendment at \$867,875 or 98%. This reflects an increase of \$118,744 to the original adopted budget of \$749,131 or 15.85%.

## **MISCELLANEOUS**

- ***Contributions/Donations Private Source***

Contributions/Donations reflect a decrease of \$8,650 or 13.34%. This is primarily associated with reduced contributions/donations in the current year.

- ***Other Misc. Rev./Reimbursable Charges***

While JROTC reimbursements have been captured in this revenue category, the City has identified that this is a grant. Therefore, a transfer of funds was done to move the \$67,007 budget and actuals into the correct category of Other Fed Grants (531901). This does not have an impact to budget but solely the category in which it is recorded.

- ***Short Term Investment Income***

Short Term Investment Income was increased by \$14,483 due to the current investment portfolio earning a higher yield.

- ***Insurance Damage Claims Misc. Rev.***

The Transportation Department had incurred two major bus accidents this year. While insurance has paid for the bulk of the expenses associated with the repairs, we must pay the deductible and adjust routes whenever possible while the bus is being repaired.

To date, two insurance checks were received totaling \$17,352 and revenue budgets were adjusted for these funds. Since this is not something that is budgeted for, an offset has been made for the repairs on the operating side.

- ***Reimbursable Charges***

Reimbursable revenues reflect an increase of \$8,683. This is associated with the reimbursement from the P&R Early Bird/After School Program coming in higher than anticipated.

- ***Other Miscellaneous Revenue***

Other Miscellaneous Revenues consist of small transfers between the internal funds and the general funds, rebates, and misc. items that do not fall into another revenue category. An adjustment has been made to increase this line item to \$8,367 to account for these funds.

## **EXPENDITURES/USES**

The proposed Budget Amendment would decrease the Charter School's total budgeted expenditures by \$123,014 from \$24,621,779 to \$24,498,765. In addition, reserves will decrease by \$731,545 for a net decrease in appropriated expenditures and reserves of \$854,559 (from \$30,182,046 to \$29,327,487 or 2.83%.

## **PERSONNEL**

- ***Payroll***

Payroll was adjusted by \$118,445 across all schools. This was associated with a number of factors including the adjustment to all payroll lines for the vacant Operations Manager, two vacant Para positions at Christa McAuliffe, reduction in Substitute pay, adjustments for those employees who opted out of health care, and miscellaneous adjustments as identified.

It should also be noted that Workers Compensation dollars were accounted for at a high level when the budgets were prepared pending final quotes from the new insurance carrier and were not removed. While the line has been adjusted, this was beneficial in identifying reductions.

Lastly, Employee bonuses were paid for A Money (OMS \$83,089 and CME \$74,365) and AICE (\$14,850) bonuses totaling \$152,382.

## OPERATING

While we are able to transfer funds between various accounts, this has helped the schools maintain their operating expenses fairly well. The following adjustments are primarily an offset or reduction to expense lines as needed:

- ***Equipment Maintenance and Repair***

Bus maintenance expenses continue to increase. While the cost of diesel fuel is still lower than anticipated, we are able to make up the shortage at this time; however, we must begin looking at long-term solutions. A total of \$29,312 was transferred primarily from diesel fuel to equipment repairs to cover the increased Equipment Repair/Maintenance costs.

In addition to the equipment maintenance costs of our buses, we must account for the repairs related to the two bus accidents. While insurance has paid for the bulk of the expenses our policy has a \$1,000.00 deductible.

- ***Other Professional Services***

Although there was a \$10,876 savings associated with the IT Infrastructure Project, the work associated with Integrated Fire & Security Solution for fiber work totaling \$34,840.29 was not completed in the last fiscal year and carried forward into FY2017. Therefore, it was not budgeted and the savings was used to help offset this unexpected expense in Other Professional Services.

In addition, when the budget was created and adopted, Fiscal Services was calculated using the \$55 per student rate. Since then, the method was changed to a labor rate methodology which increased these fees. Therefore, an increase of \$53,159 has been included in this amendment to cover the additional costs.

- ***Accounting & Auditing***

As part of our Fiscal Services with the City, we have agreed to pay for the actual time that the Accountant spends working for the Charter Schools. While we originally estimated 2-3 days per week, the volume of work has increased. Therefore, an increase of \$23,098 has been made to account for the additional costs.

- ***Food & Beverage***

As noted above, through collaborative efforts, we were able to transfer from various lines to make up the \$36,500 needed for Food Services.

- ***Computer Equipment/Accessory***

Overall, Computer Equipment was reduced by \$59,804 from \$203,147 to \$143,343. While three of the four schools chose to lease Chromebooks, funding was moved from this line item into Capital Equipment since this is considered to be a capital lease.

In addition, Christa McAuliffe's Computer Equipment/Accessory account was increased by \$14,860 to account for the purchase of the Chromebook Cart which was covered by a contribution/donation.

- ***Small Equipment***

While not part of the original budget, the need to revamp the internal radio system was identified. Therefore, small equipment was increased by \$11,366 to cover these costs. Dollars were moved from the vehicle funds in Capital Outlay and the remaining balance for the van was removed from the budget to offset shortages.

- ***Various Fees***

Various fees were reduced by \$22,830. This was primarily associated with the Oasis High School's AICE money which will not be used.

- ***Computer Software/Licenses***

Computer software was reduced by \$11,978 and was associated with funding that was for Oasis Middle School's Schoology Program that was paid for from the Technology Internal Fund.

- ***Operating Supplies***

Operating Supplies reflect a decrease of \$53,933. Many of the schools had budgeted for operating items for their new programs. Many of the areas have not purchased these supplies and decided to hold off until next year when further review can be done.

- ***Textbooks***

Each school reviewed their textbook needs through year-end and a total of \$57,919 in reductions has been identified.

## **CAPITAL OUTLAY**

- ***Vehicles***

As noted above, there was \$30,000 budgeted in Capital Outlay for the purchase of a new van, the need for radios was identified during the year. Therefore, \$13,000 was used in operating to cover the radio purchases and the \$30,000 initially budgeted for the van was eliminated in the current fiscal year.

- ***Equipment***

A total of \$23,252 was moved into Capital Equipment from Operating cover the costs associated with the Chromebook lease for the Oasis Elementary, Christa McAuliffe and Oasis Middle Schools. At this time, the High School is continuing to purchase these units outright vs. lease.

## **CONCLUSION**

In conclusion, this budget amendment is warranted primarily due to the reduction in the Florida Education Finance Program (FEFP) revenues. It should be noted that as we near year-end, major revenues are being brought to 98 percent while remaining conservative. In addition, many of the adjustments noted above are associated with revenue and expenditure offsets.

Through the support of staff, we were able to identify reductions to help offset our shortfalls. Staff is commended for working as team to support our system as a whole. We will continue to monitor spending closely as we finish out the year with a focus on preserving reserves and building on our future.

In closing, it is staff's recommendation that the Governing Board approve the FY 2016-17 Budget Amendment #1.
